Dear Sirs,

CLASSING LETTER

17676 "LABUAN BAY". As recommended.

I shall be glad if you will inform the Owners that, as a result of the General Examination now carried out, the Committee have granted a postponement of the completion of the Special Survey until October, 1963, which is regarded as a permissible concession within the Society's Rules.

The Owners should also be informed that the Committee expect definite arrangements to be made to complete the survey, in all respects, before expiration of the period now agreed and they should let us know, in due course, what arrangements have been made to have the Special Survey completed.

It is concluded that the size and type of cable, also fuses, in connection with the additional Generator set now installed, are in accordance with the Rules.

I shall be glad if you will forward a further copy of your Certificate No. A/C No.6018, as this does not appear to have been received in this Office.
