16th April, 1937.

Dear Sirs,

I have to acquaint you that First Entry Reports have been received from the Society's Surveyors at Newcastle on the boilers and machinery made and fitted at that port for the Steamer "MULUBINBA", built by Messrs. Henry Robb, Ltd., as their Yard No. 234.

It does not appear, however, that your First Entry Report on the hull of the vessel has yet come to hand, and I have to request that you will forward the same with the least possible delay, and explain why it was not sent on when the work was finished at your Port.

It is assumed that the Newcastle Surveyors were advised of any items to be completed on the hull of the vessel.

I am, Dear Sirs,

Yours faithfully,

(P.C. Gls.)

Secretary.

The Surveyors,

LEITH.
