Dear Sir,

Grab Dredger "MANNIK".

The Annual Survey of this vessel is due and the Owners ask permission to carry this out on the "hard" at Douglas, I.O.M. in June, together with screwshaft and Boiler Surveys.

The vessel was last examined on the "Grid" at Ramsey, and in view of the vessel's service and strengthening effected in the past to the bottom plating, the request is submitted for favourable consideration, in this instance.

Yours faithfully,

The Secretary,
LIVERPOOL.
