JMC/BN

QUESTION

With reference to the Special and Special RMC Surveys which become due at the end of January 1964, I shall be glad to learn what arrangements are proposed to be made for these inspections to be held.

The Main and Auxiliary Boiler Surveys also become due at the end of January, and the Owners' intentions regarding these surveys will also be appreciated.

ANSWER

Date:— 18th December, 1963.

We are now in receipt of a letter from the Owners informing us that they do not intend to maintain the Vessel classed with our Society. They intend, however, to maintain the Refrigerating Installation classed with our Society and inform us that the Vessel will be at the disposal of our Surveyors for the RMC Survey on her arrival at this Port, where she is expected within the first fortnight of January next.
