

COPY FOR "PEGASUS 4"

SEI
R

12th January, 1962.

Dear Sirs,

M.Tug "ADAMA" & "PEGASUS BARGES Nos. 1-12".

I acknowledge the receipt of your letter of the 21st December giving the Owners' arrangements for carrying out the Special Surveys of the "PEGASUS BARGES Nos. 1-12".

This programme has been approved and as it is intended to carry out the Special Survey of three complete barges each year it is concluded that a Special Survey notation will be recommended for each barge upon completion. Under these circumstances the normal Special Survey basis will apply and the question of a Continuous Special Survey system for these barges does not arise.

In conclusion I think it well to add that the Owners' proposed arrangements for carrying out the Continuous Survey cycle of the hull of the tug "ADAMA" was approved in my communication dated the 20th November.

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,
LAGOS.
