Lloyd's Register of Shipping,

High Close, Wokingham, Berks.

10th August, 1943.

F.

Dear Sirs,

I have to acquaint you that in July 1942 the Society's Surveyor at Barcelona reported that the Freeboard Renewal Survey of the tanker "CASTILLO ALMENARA" had been carried out at that port and that freeboards had been assigned by the Spanish Government. It was assumed that Load Line Certificates were required to be issued by this Society and these were accordingly sent to the Surveyor for issue when slight differences in the freeboards had been adjusted.

In reply the Surveyor stated that the certificates and correspondence had been sent to you for attention, and I shall therefore be glad to learn how the matter now stands.

I am, Dear Sirs,
Yours faithfully,

The Surveyors,
BILBAO.

Clerk to the
Classification Committee.
