LLOYD'S REGISTER OF SHIPPING

Port of Stockholm,

28th November, 1959.

HULL INTERIM CERTIFICATE.

This is to Certify that

M.O. Albertson,

the undersigned Surveyor to this Society did at the request of

Messrs. A/B Gävle Varv, Gävle, the Builders of the Twin Screw Motor Salvage Ship "ARBAN", (Yard No. 102) of Leningrad, attend onboard during the vessel's construction at the Builders' Yard.

The vessel has been built under Special Survey in conformity with the Society's Rules and Regulations, and this is to certify that, on the vessel's completion a report will be transmitted to the Committee of Lloyd's Register of Shipping, London, recommending that the vessel be classed:-

+100A1 "For Towing Services"

and with the notation "Strengthened for Navigation in Ice".

H. Albertson
LLOYD'S REGISTER OF SHIPPING
STOCKHOLM

Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:-
"While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly performed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any publication in the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its Committees or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
