-----  
The Screwshaft Survey became due on this trawler in October, 1931, and the Special Survey No.1 in October 1932.

Action has previously been deferred as the vessel has been laid up.

The vessel was purchased by the present Owners during last month, and the Lisbon Surveyor was requested to ascertain from them their intentions in regard to the outstanding surveys.

Their reply has now been forwarded, in which they state that, for reasons of economy, they have decided, with regret, not to maintain the vessel's classification with this Society.

The Classing Committee had the case before them on Friday, 17th instant, when they decided to give instructions for the vessel's character to be withdrawn from the Register Book and three dots (...) inserted in lieu thereof, indicating withdrawal of class at Owners' request.
