

s. s. "WINDSOLITE".

---

The boiler survey became due in 5,31.

In reply to enquiry the Toronto Surveyor now states he is informed by the Owners that it is their intention to permit the class of this vessel to lapse and therefore do not propose to have this survey carried out.

IT IS SUBMITTED the vessel's class be omitted from the forthcoming reprint of the Register Book.

Omit class on reprint of Register Book.
