

s.s. "INVERRUBA"

This ship was last submitted to Special Survey in August 1955 and has been laid up since 1959, the class being qualified by the notation "Laid up - Surveys overdue 8.59". In January last the New York Secretary stated that this ship was still laid up with little likelihood of employment and that the Owner is seeking scrap prices for the vessel.

As more than eight years have elapsed since the last Special Survey was held, it is submitted that the class be omitted from the Register Book and the notation "Classed LR until August 1959" be recorded in the Register Book.
