

14th October, 1949.

Dear Mr. Stocks,

I have been instructed to ask you to investigate the case of the steamer "VERGRAY" ex "EMPIRE GARRY" and obtain an explanation of the delay in writing and forwarding this report.

The last date of survey at Newport was 13th April whereas the report was not written until the 26th June and did not arrive in London until the 13th July.

There is likely to be a general tightening up of procedure in this respect.

With kindest regards,
Yours sincerely,

C. H. Stocks, Esq.,
CARDIFF.
