Medical Surveys, when held, must be reported in detail and seriatim in the terms of the Rules and items remaining to complete the Surveys should be summarised. State clearly the cause of Repairs, if any, and, in detail, the nature and extent of Examinations and subsequent repairs. Repairs on account of Damage (the cause of which must be stated) should be separated from Repairs due to other causes; and besides being detailed in the body of the report, should be summarised in the form shown below. Whenever the replacement of Anchors or Chains is reported the particulars should be clearly stated in the space provided on the back of this form. State also the dates and initials of any letters respecting this case.

In damage cases where the Surveyor has not made a special damage report he is required to state whether he offered his services for this purpose and to whom and why they were declined.

Was a damage report made by anyone else? if so, by whom?

REPAIRS, OR EXAMINATION AS PER RULE, FOR Examination afloat on account of grounding leaving Corpus Christi, Texas, 10 July, 1953 at 1826. The vessel was refloated with the assistance of four tugs on 12 July, 1953 at 1832.

DONE: Vessel examined afloat as far as was possible, soundings taken of tanks and bilges showed no increase in the hull of the vessel being tight fore and aft as far as could be ascertained. Daily soundings entered in the log-book from the time the vessel left Corpus Christi until arrival at New Orleans were normal.

General Observations, Opinion as to Class, Recommendation, &c.:— This vessel so far as now seen

State clearly whether any and, if so, what alteration is suggested to be made in the existing classification and notification of the vessel in the Register Book consequent upon this survey, thus, for example:— "to remain as classed in the Register Book without fresh record of Survey," "to remain as classed and to have record of survey, 1,38," or "to remain as classed and to have record of survey, 1,38, and the notations of ss No. 1-38."

eligible in my opinion to remain as classed subject to a further examination being made at next drydocking.
