Dear Sir,

"MONTE SAJA"

In acknowledgement of your classing letter of the 22nd ultimo, we herewith enclose amended Report 9, as instructed.

The taper of the screwshaft can be examined satisfactorily without drawing in the screwshaft, and we may add that this re-examination of the shaft and the limit recommended was in full agreement with the owners' superintendent.

It is regretted that the above information was omitted from our report.

Yours faithfully,

The Secretary,
London.

The Surveyors,
