# Lloyd's Register of Shipping

(UNITED WITH THE BRITISH CORPORATION REGISTER)

No. 18481

Port

4th March, 1958.

All furnaces on port Main boiler somewhat deformed.

This is to Certify that I have

surveyed the Boiler and Machinery of the S.S. "ARGOBEC"

1138 tons gross of London whilst she lay afloat at Osaka on the 24th February, 1958 and subsequently

and that I have transmitted to the Committee of Lloyd's

Register of Shipping, London, a Report stating that all

recommendations made by me in connection therewith have

been carried out to my satisfaction, and that I have

recommended that the record of Main Boiler Survey 3,58

be made in the Register Book in the case of this vessel.

When the survey has been completed.

K. Tabuchi.  
Engineer Surveyor to Lloyd's Register.

(P.T.O.)

K. Tabuchi.

This Certificate is issued upon the terms of the Rules and Regulations of the Society, which provide that:-  
While the Committees of the Society use their best endeavours to ensure that the functions of the Society are properly  
performed, it is to be understood that neither the Society nor any Member of any of its Committees is under any circumstances  
to be held responsible for any inaccuracy in any report or certificate issued by the Society or its Surveyors, or in any  
the Register Book or other publication of the Society, or for any error of judgment, default or negligence of any of its  
Surveyors or any Member thereof, or the Surveyors, or other Officers or Agents of the Society."
