CERTIFICATE OF SURVEY

Nº 171/65.

X

This is to certify that I, EDWARD CALLAGHAN, Chief Engineer of the s.s. "CLAN MACLEOD" did, at the request of THE MANICA TRADING COMPANY, LIMITED, as LLOYD'S Agents at the Port of Beira, attend on board the s.s. "CINDERELLA" (Official Nº 1222 of Monrovia) on the 19th October, 1965, whilst she lay berthed alongside wharf nº 4, Beira Port, for the purpose of surveying and reporting upon the following, as part of C.S.M.

I hereby certify that:-

- a) Nº 4 Liner, Pistons, Transverse Beam, Bottle Gauge, Valve Gear, etc.
- b) Crankcase Explosion doors.
- c) PORT & STB. Daily Service Fuel Tanks.
- d) Valve Cooling Pump, nº 1.

were all examined and found in good condition.

All recommendations were carried out.

Nº 4 Liner and Pistons were pressure tested at 50 lbs. p.s.i. and 100 lbs. p.s.i., respectively, and no leaks were found.

On satisfying myself as to the condition of the above parts, it is my honest opinion that they are fit to retain their present classification.

*Edward Callaghan*
