Dear Sirs,

Motorship "CINDERELLA"

I enclose herewith for your information, a copy of a telex message received from the Owners of this ship on the 10th instant, together with one of my reply.

It is possible that the transfer of Ownership will take place at your Port, and I would therefore, point out that the examination requested by the Owners is analogous to a Docking Survey, and all repairs considered necessary for confirmation of class until the Special Survey is held in January next, will require to be dealt with.

It should be noted that, in addition, the Owners desire the deletion of existing conditions, and with this in view, the outstanding conditions of class as shown in SRL No. 241, should receive attention at this time, including any unrecorded damage affecting classification, which is revealed at your Survey.

The Owners have subsequently asked whether the vessel's class and Loadline Certificate could be extended until the end of February in the event of unforeseen delays during the present voyage to South Africa and in this connection I would therefore draw your attention to the attached telex received from them on the 15th and copies of my reply by telex yesterday and letter today.

Copies of this letter and enclosures are also being sent to the Surveyors at Rotterdam in case the transfer takes place at their Port instead of Antwerp.

Yours faithfully,

cc. Ros

Assistant Clerk to the
Classification Committee.
