Dear Sir,

M.t. "SIGNE INGELSSON".

With reference to your letter of the 15th instant forwarding certificate of class for this ship it is noted that the moulded length is given as 531' - 0". As this figure conflicts with the information given in the FE report we should be pleased if you would look into the matter.

The certificate is returned herewith.

Yours faithfully,

THE SURVEYORS, Gothenburg.

Submitted the Sunways mentioned that according to the key to the R.B. side mallet length is taken as the centre of the mallet stock of there is no mallet post. 1'-0" off from 0 7/8 the A.P. as 2" off of forms 0. The correct mallet length is therefore 530'-10" & the certificate should be amended accordingly RSD 20/1/58
