cases where the Surveyor has not made a special damage report he should state whether he offered

services for this purpose and to whom and why they were declined. Not required. Freeboard as marked on ship and now verified ft. ins.

Was a damage report made by anyone else? If so, by whom? XXX

ATION AND REPAIRS AS PER RULE FOR Damage

y requested by Owners Representative for postponement of repairs to damage to Port side plating, stated to have been sustained in consequence of vessel contacting bridge of quidin Sluis at entrance to Antwerp Docks on September 5th 1957.

e refer to Antwerp Surveyors Report dated 5th September 1957.

one: Port Side Shell Plating - Indented shell plates - sheer strake and 1st below and internals in way, abreast forward end of No. 1 hatch, examined and found to con- to be efficient meanwhile.

wners Representative stated the vessel is now proceeding in loaded condition to Italian where the above damage will be repaired and the Special Survey of the vessel will be eted.

e Report sent now, or when will it be sent? -

Has Interim Certificate been issued? Yes.

L OBSERVATIONS, OPINION AND RECOMMENDATION AS TO CLASS

te clearly what alteration, if any, is suggested to be made in the existing Classification or Survey or other records of the Ship in the Register Book consequent upon this ey, for example:—"to remain as Classed in the Register Book without fresh record of Docking"; "to remain as Classed and to have record of drydocking 1,55"; or to remain as ssed and to have record of drydocking 1,55, and the notation of S.S. . . . 1,55".

vessel, where now seen, is in good condition and eligible in my opinion to remain as lasssed, subject to set in sheerstrake and 1st below abreast of forward end of No. 1 , being further examined and dealt with on vessels arrival at European Port at end of nt voyage.
