Dear Sir,

Steamer "STAR"

With reference to Baltimore Report No. 11051, it is concluded that the structure under the engines and boilers should be included in the list of items remaining for completion of the Special Survey, but the Surveyors' confirmation is desired.

At the same time, I shall be glad if you will request them to furnish me with a copy of the approved plan of the rudder now fitted, and also obtain their confirmation that the oil fuel burning system and remote controls have been examined in accordance with Rule requirements.

Yours faithfully,

Assistant Clerk to the
Classification Committee.

The Secretary,
NEW YORK.
