Lloyd's Register of Shipping,

71, Fenchurch Street, E.C.3.

"S".

29th May, 1946.

Dear Sirs,

Argovan

s.s. "TECUMSEH PARK".

I have to acknowledge the receipt of your letter of the 30th ultimo relative to the Machinery Numeral recorded in the Register Book of the above-named steamer. In this connection I would explain that in February, 1944, it was observed that the Machinery Numeral of 643 appearing against this vessel's name was incorrect and the correct Numeral, i.e. 628, was posted in the 1943-44 edition of the Register. Through some mischance, however, the figure '643' was inadvertently printed in the 1944-45 Register Book.

The correct Machinery Numeral will appear in the forthcoming edition of the Register Book, and I would thank Mr. Rennie for drawing my attention to this error.

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,

VANCOUVER.
