21st August, 1956

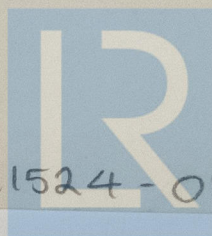

Dear Sirs,

With reference to the Modified Machinery Survey of the motorship "BEN HENSHAW", which became due at the end of last May, I have to acquaint you that a letter dated the 5th March was received from the Owners stating that this inspection would receive attention on the vessel's arrival at Hull during that month, when the Load Line Survey would also be carried out. A copy of this letter was duly forwarded to you. As no mention of the Modified Survey appears in your report No.62056 and the Owners now state that it was, in fact, carried out at Hull in March, I shall be glad if you will let me have your comments in this case.

Yours faithfully,

Clerk to the
Classification Committee.

The Surveyors,
HULL.
