29th October, 1958.

Dear Sirs,

Classn(S)
RNC

Steam Tanker "ALTHEA"

I acknowledge your letter of the 28th instant, and have today informed the Yokohama Surveyors that no objection will be taken to the deferment of the issue of Certificates until a later date, although it must be appreciated that if the ship satisfactorily passes her trials this week, the date of build must be recorded in the Register Book as 10,58.

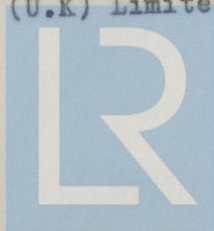

Should you so desire at a later date, when the ship is entering commission, you should apply for the case to be dealt with under Paragraph B.604 of the Society's Rules, whereby the Committee may be prepared to assign separate launched and commissioned dates, which will govern the incidence of future surveys.

Yours faithfully,

c.c. Yokohama
Date of Build file

Clerk to the
Classification Committee.
