Dear Sirs,

s.s. "PROSPER"

I have your letter of 21st April, and in reply would inform you that for an extension beyond June next, a Comprehensive General Examination, including drydocking, would be required. Such examination, in view of the ship's age, should be not less than the requirements of Circular No.1959. The L.P.cylinder cover which was recommended for renewal this month should also receive the necessary attention.

The Steampipe Survey may be deferred until the completion of the Special Survey.

The present Loadline Certificate will expire on 25th instant, and if a further Loadline Certificate is desired, a Renewal Loadline Survey should be held in conjunction with the General Examination mentioned above.

Yours faithfully,

c,c. Freeboard.

Clerk to the  
Classification Committee.

The Surveyors,  
BANGKOK.
