Dear Sir,

Steamer "AGHIOS NICHOLAOS" (Piraeus Rpt. 8433)

With reference to your letter ref. class(s) of the 4th August, 1960 and your letter of the 23rd September we wish to advise you that the Owners have been informed regarding the drilling of the vessel, and it is presumed this will be done at the next drydocking.

In connection with the installation of the diesel machinery please find enclosed showing the piping arrangements which we trust will give the information required.

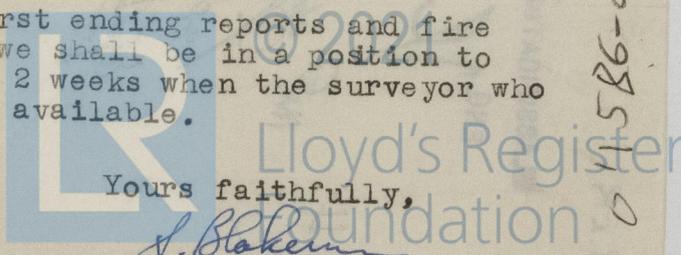

Regarding the first ending reports and fire extinguishing arrangements we shall be in a position to give these details in about 2 weeks when the surveyor who completed this case will be available.

Yours faithfully,

S. Blaken

The Secretary,
LONDON.
