Bilbao, 30th March, 1950.

Dear Sir, ^{WSD}.....

With reference to that paragraph of Classing Letter "S" of the 24th instant respecting the "TIO PEPE", we beg to state that so far as we could ascertain the 2 inch diameter branch bilge suction was fitted in the Engine Room of this Vessel as per approved plan, and on the 10th instant we received from the builders a written statement to this effect.

We regret if we have been misinformed and trust that we shall have an early opportunity to verify the matter.

Yours faithfully,

The Secretary,
LONDON.
