ANSD.....

Dear Sir,

We are forwarding the First Entry Report on the Hull in the case of the Auxiliary Motor Schooner "TIO PEPE". Pending completion of several items in connection with the Machinery and Electrical Installation, the Reports on same are being retained for the time being.

We would state that when the vessel left the Builders hands, Owners promised she would return to complete all outstanding items. She did return, but no efforts were made to effect completion and again a promise of return was made. The undersigned visited the vessel while she was at this port in April last, but could obtain no satisfaction other than that it was the intention to lay-up the vessel in a few months time with the idea of completing the Classification Survey.

The Owners state that they desire the Society's Class for their vessel but it would appear they want it on their own terms.

Yours faithfully,

K. Peda

for the Surveyor

The Secretary,
LONDON.
