February 5th 1949.

Dear Sirs,

Tugboat-icebreaker "SWAROZYC"

We herewith enclose the report, requested in your letter of the 26th June 1948, reference Tkm/JF-Br.No.48/6967, in respect of repairs effected at Szczecin and Gdansk on the hull, machinery and boilers of the above vessel. Included in the report, for your information, are extraneous items dealt with by the Stocznia Gdanska at the request of the Owners.

The original screw shaft has been renewed and it will be necessary to supply a replacement shaft.

The vessel has now taken up duty at Szczecin and, we are advised, is giving satisfactory service.

We are, Dear Sirs,

Yours faithfully,

Amsterdamsche Droogdok-Maatschappij N.V.
