Sunderland, 19th August, 1937.

Dear Sir,

We have to acquaint you that we are forwarding by this post the first entry reports on the M.V. "TROMA", formerly named "RODSLEY", and to state that the builders request that the case may receive the attention of the Committee at their meeting tomorrow in order to enable them to be in possession of the Classification Certificates as soon as possible.

The vessel is now being measured by the Norwegian Authorities and the tonnages will be forwarded by wire as soon as they are available.

An account has been rendered based on the British tonnage, viz 4990.68.

We are, Dear Sir,

Yours faithfully,
