UNITED WITH THE BRITISH CORPORATION REGISTER

Järntorget 3,

Gothenburg C., 10th March, 1954.

RECEIVED

12 MAR 1954

Ans.

The Secretary,
LONDON.

Dear Sir,

m.s. "PORJUS", No.23441 in R.B.

Referring to your classing letter dated the 6th October, 1953, Gothenburg Report No.20019, and subsequent correspondence relating to the donkey boiler fitted in this vessel, we beg to acquaint you that it has now been ascertained from the Society's Surveyors at Oslo that the boiler in question was made by Messrs.A/S Thunes Mek. Verksted, Oslo, in 1936, and that a plan of same having number 32446 was approved in your Office on the 28th June, 1950. - RAKKE

It would appear that the boiler in question was fitted in the ship prior to her sale to Sweden before the vessel left Oslo without the Society's Surveyors being called in to inspect this work.

We shall be glad therefore if you will forward us the approved plan for our guidance in checking it and preparing a First Entry Report in due course.

Yours faithfully,

THE SURVEYORS, Gothenburg
