

"PORJUS"

This case is fully stated in an endorsement dated  
1.10.53.

In a reply from the Gothenburg Surveyors it is stated  
the necessary boiler plan has not yet been obtained. Unless  
the plan can be forwarded to this Office for approval without  
unreasonable delay and a Boiler Survey be held in will be  
necessary to recommend that the boiler be not used.

IT IS SUBMITTED the Gothenburg Surveyors be informed  
accordingly.
