Date: 17th November, 1954.

's Name: M.S. "PORJUS"

QUESTION	ANSWER
<p>With reference to your report 20965, I shall be glad to learn what arrangements are proposed to be made for the propeller shaft to be renewed as recommended.</p> <p>I shall also be glad to learn how this case stands as regards the completion of the Donkey Boiler Survey and the adjustment of the safety valves on the boiler steam and the examination under working conditions of the oil fuel burning installation.</p> <p><i>L.L.</i></p>	<p>Date:— 22nd November, 1954.</p> <p>The Owner has not yet been able to obtain delivery of a new propeller shaft but hopes that this can be arranged before the end of December. He therefore submits that the limit be extended for another month, and this proposal merits, in our opinion, the approval of the Committee.</p> <p>Arrangements are being made for the Donkey Boiler Survey to be completed at the first opportunity.</p>
