5th February, 1913.

Dear Sirs,

With reference to the classification in this Society's Register Book of the steamer "CERNICALO" I beg to remind you that the screw shaft of this vessel has not been drawn in for the examination of the Society's Surveyors since she was built in April 1910 and as the Society's Rules require this to be done at intervals of not more than two years I shall be obliged if you will kindly let me know for the information of the Committee when and at what port it will best suit your convenience to comply with this requirement.

I am, Dear Sirs,

Yours faithfully,

Secretary.
