

S. S. "Cernicals."

The electric light installation has been overhauled and extended, 19 additional lights being fitted in stoke hold and in new cabins.

A refrigerating machine has been fitted and the after hold insulated for carriage of provisions to other vessels.

In dry dock examined the propeller and outside fastenings of sea connections, and the fitting of additional sea connections for evaporators and refrigerating machine.

On completion of alterations the whole machinery and oil burning apparatus were tried at work satisfactorily.

The oil burning apparatus has now been removed and fire bars replaced for coal burning on the voyage to Mexico.
