Dear Sirs,

Motorship "ADRI VIII"

I acknowledge receipt of your letter of the 19th instant, the contents of which have been noted.

I would inform you, for your future guidance, that in engine works fresh water is used as cooling medium in the main engine cylinders, but many sets are fitted on vessels with sea water as the medium, hence the reason for stating the medium in the fitting out report.

Yours faithfully,

Assistant Clerk to the
Classification Committee.

The Surveyors,
HONG KONG.
