and

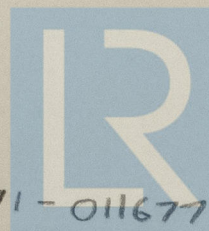

Dear Sir,

"George L. Parkhurst".
GOT. F.E. Report No. 26224.

With reference to your classing letter of 27th ultimo we would explain that the absence of a C11 report appears to be due to a misinterpretation of your letter of 9th December 1959 ref. Classn.C in which you advised us that a Report C11 need not be placed on board.

Some delay may now be experienced in preparing the report owing to heavy pressure of work in the Uddevalla district and we trust this may be taken into consideration.

Yours faithfully,
THE SURVEYORS, Gothenburg
