

27th January, 1961.

COTTENBURG

26347, 360, 69, 77, 86 - As recommended.

26335 "ANJAN" - This ship has today been classed #100A1 together with the appropriate notations recommended by you.

I return herewith the "As Built" and "Approved" plans of Profile and Decks as it is noted that amendments shown on the "Approved" plan have not been included on the "As Built" plan.

You should forward a sketch showing the disposition of the various forgings in the Main Engine built up crankshaft.

26224 "GEORGE L. PARKHURST" - This ship has today been classed #100A1 "Oil Tanker" together with the appropriate notations recommended by you.

You should furnish a Rpt. C.11 as this is now required by the Committee whether or not Breeboards are assigned by the Society (Refer Page 1 of the Report 1). A Rpt.C.12 (c) is also required.

You should confirm that the bilge pumps were satisfactorily tested and found efficient.

In view of the special arrangements provided for priming the bilge and fire pumps no condition of class regarding these pumps has been imposed. You should issue an amended Interim Certificate and forward a copy to this Office.
