Dear Sirs,

Motorship "HAKONESAN MARU"

I am in receipt of your letter of the 15th instant, from which it appears that the exhaust gas heated pressure vessels fitted in this ship and the "HARUNESAN MARU" are completely flooded at all times.

In these circumstances, the relief valves on these pressure vessels need not be fitted with easing gear.

Yours faithfully,

Deputy Clerk to the
Classification Committee.

The Surveyors,
KOBE.
