

COPY.

Lloyd's Register of Shipping.

71, Fenchurch Street, E.C. 3.

ENCLOSURE.

17th November, 1920.

Dear Sirs,

With reference to the case of the S.S. "MODUM", built by Messrs. The Northumberland Shipbuilding Co., and now being converted at your port for carrying petroleum in bulk, I send herewith a copy of the provisional freeboard computation based upon the particulars and dimensions supplied by the Builders, with the addition of a continuous trunk between the poop, bridge and forecastle, as now proposed.

No verification of the Builders' particulars has been received from the Society's Surveyors at Newcastle, and I have therefore to request that you will arrange to verify all the particulars furnished and forward the usual freeboard report on completion, for assignment.

I am, Dear Sirs,

Yours faithfully,

Secretary.

The Surveyors,

MIDDLESBROUGH.
