Dear Sirs,

"FRANCESCO BIBOLINI"

With reference to your first entry report No. 19628 I have to inform you that the mill sheets received in this Office of P.403 quality plates have been compared with plan No. AB 1003 and it appears that the sheets relating to upper deck stringer plates Nos. 142 and 143 in way of poop are missing. I shall be glad if you will confirm that these two plates are of P.403 steel and if so you should state their origin.

Yours faithfully,

The Surveyors,
GENOA.
