

8th March, 1960.

TRAVERS

30, 41, 43, 46 - As recommended.

12 "MARIKA" - As recommended. Postponement of the Special Survey until April, 1960, has now been approved, and I shall be glad if you will inform the Owners accordingly.

17 "EVEREST" - As recommended. It would appear that the advanced Special Survey notation has been recommended and Certificates issued without authority or instructions from this Office, and in all future similar cases the requirements of Circular No. 2151 must be fully complied with in all respects.

It is concluded that the standard of maintenance during the lay period was, in your opinion, satisfactory, but your confirmation desired.

22 "MAGNOLIA" Before this report receives consideration you should make recommendations regarding the items at present in the Special Reasons List and SRL Appendix in connection with the deferred damage claims. This should be done in all future cases.

31 "ALHANO" - As recommended. In future cases recommendations in the body of the report must be included in the recommendations to the Committee.
