

19 JUN 1964

Ship's name

Beech Hill

Port

Pangoon

No.

6407

Class is subject to

ham injection valve chest being removed at the Special Survey.

Last survey date

3.6.64

ES due 5.63 p/p 86v provided G & held.

General Examination now held.

The Surveyor recommends ER circuits (1 megohm) be retested & dealt with at the Special Survey but as this is not below the Rule requirements it is submitted no condition of class is necessary.

It is submitted that the vessel is eligible to remain as **CLASSED**, subject above. For further

submitted postponement of ES merits approval.
