Dear Sir,

Steamer "BEECH HILL"

I send herewith for your information and guidance copy of a letter which has been received from the Owners today together with a copy of my reply regarding further postponement of the Special Survey of this ship.

The outstanding conditions of class are as stated in SRL No.217, and as regards the machinery "subject" this should be examined as far as practicable with the ship afloat.

Provided a satisfactory Load Line Renewal Survey is carried out in conjunction with the General Examination you will be in order in issuing an LLST valid until the end of July next.

Yours faithfully,

Deputy Clerk to the
Classification Committee.
