Dear Sir,

s.s. "BEECH HILL"

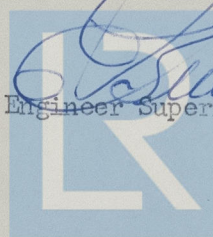

With reference to the Special Survey of the above-named vessel which became due in May this year and our letter to you of the 2nd April last when we advised you that owing to the condition of business this vessel was laid up at Chalkis, Greece.

We now have the opportunity of fixing some of our laid up tonnage for six months Charter, which includes the above-named vessel, and to assist us in fulfilling this Charter we would be pleased if you would request your Committee to grant a deferment of this Special Survey until May 1964, subject of course to the usual General Examination which we anticipate subject to your Committee's approval, will be carried out at the port of Piraeus or Syra.

We would also draw your attention to the fact that this vessel arrived at Chalkis to layup on the 23rd January this year and was only two months out of drydock having been drydocked and surveyed by one of your Surveyors in the port of Havana on the 30th November, 1962. In view of the urgency of confirming this possible business, your early reply to our request would be very much appreciated.

Yours sincerely,
THE COUNTIES SHIP MANAGEMENT COMPANY LTD.

Engineer Superintendent.
