From:- Thos. C. Rolland Esq.,  
21, Lime Street.  
LONDON E.C.3.

Dear Sirs,

S.S. "FORT RICHELIEU"

21st March, 1949.

With reference to your letter of the 15th inst., addressed to the Dalhousie Steam & Motor Ship Co. Ltd., who have passed the letter on to me for attention as I am their Marine Superintendent, the above vessel is expected to arrive in the United Kingdom early in May, but at present it is not known which will be her port of discharge.

I agree with your letter regarding the outstanding items to complete the special survey, and I would advise you that a new ballast pump was delivered to the vessel at Melbourne and I understand this was fitted whilst the vessel was in Geelong, and approved by your representative.

Yours faithfully,

for THOS. C. ROLLAND  
Marine Superintendent for the Dalhousie Steam & Motor  
Ship Co., Ltd.

S.E. Chamberlain.
