The class is assigned and maintained upon the understanding that the equipment will be made to accord with the requirements of the Rules when the present state of emergency has passed.

Insert in S.R.L:- (A bower anchor and 45 fathoms of chain cable to be supplied).

The Surveyors should be informed it is concluded the frames in No.1 hold (18 to 38 inclusive) are 15" x 3.37" x 3.37" x .52/62" channels as indicated on the midship section as built and fitted in previous sister vessels and not as reported, but they should state if this is so.

They should in future similar cases insert in their report the number and position of the divisional watertight bulkheads in the 'tween decks and state how any openings in these bulkheads are closed. In this connection they should be referred to the instructions contained in the Secretary's letters of the 30th July and 12th August last.
