12th April, 1955.

Classn(S)

CFA

Dear Sir,

Contract 646 - Bluff Rockbreaker Pontoon.

I have to thank you for your letter of the 30th ultimo with enclosed copy of Rpt. 10 No. 3659.

In the letter of instruction sent to the Wellington Surveyors on the 17th September last, which letter was passed on to you by them for attention, it was requested in the postscript that particulars of the anchors and equipment should be supplied. This information does not yet appear to have come to hand, and I shall therefore be glad if you will furnish, for insertion on the First Entry Report all test particulars of the equipment fitted.

The postscript to the above letter also called for a plan of the electrical installation to be submitted here for approval, and I shall be glad if you will forward this, together with Rpt. 4A and Rpt. 13 (electrical). The approved plans and any certificates sent to you should be returned to this Office.

Yours faithfully,

pre Clerk to the
Classification Committee.

B.A.White, Esq.,
DU NEDIN.
