Dear Sir,

Non-Propelled Rock Cutter - Messrs. Millen Bros.  
Yard No.165 - Messrs. Lobnitz & Co. Ltd. 1131.

Reverting to the latter paragraph of your letter of the 27th ultimo regarding the above, I have now to state that the Electrical Contractors to the Builders, Messrs. J. Charters, were approached in the matter and advise us that they have only supplied the main switchboard and electric generators for this contract. It is therefore concluded that plans of the proposed wiring installation of the vessel will be submitted by the New Zealand Surveyors.

Triplicate copies of the main switchboard supplied by Messrs. J. Charters and approved here, are forwarded herewith together with test certificates (in duplicate) of the steam and diesel generating sets.

Yours faithfully,

*W. Miller*  
Secretary to the  
Scottish Committee

The Secretary,  
LONDON.
