December 1, 1959

The Surveyors

CLEVELAND

Dear Sirs:

"ST. JAMES"

In November 1958 the Construction Aggregates Corp. of 33 North La Salle Street, Chicago 2, Illinois informed us that this ship was still in the design stage for conversion to a sea-going hopper dredge and that the actual work of construction would not proceed until the need for the vessel arose.

In October and again in November of this year we wrote to them to inquire how this matter now stands, and so far we have not been able to obtain a reply. In the circumstances I shall be glad if you will kindly inquire and let me know the present position of this case.

Yours very truly,

Secretary.
