ANSWER.

Date:—

October 28, 1947

The U.S. Maritime Com-  
mission advises that they do not intend  
to carry out classification surveys  
at the present time, as this vessel  
has been placed in lay-up status in  
the James River reserve fleet. They  
request that classification be sus-  
pended meantime, and if any change  
should be made in the vessel's status  
they will advise this office in  
order that classification requirements  
may be carried out.
