

3  
"WILLIAM C. McTARNAHAN"

The dates of the last survey on the hull and machinery respectively were 28th July and 18th September last. The hull report was completed on the 31st July and that on the machinery on the 30th November.

The case did not receive the consideration of the American Committee until the 10th December, representing a delay of almost 3 months.

It is submitted an explanation might be requested.
